

agreement and agreeance

Russell Zimmerman, Executive Director of the ARA, says that while State Premiers came to an in principle **agreement** to lower the low value import threshold (LVIT) below the current \$1000 at the COAG meeting last month, State Treasurers must also support the move.

“While the ARA welcomes this long overdue extension of the GST, it is critical that the process does not stall. The **agreeance** of State Premiers must also be backed up by State Treasurers tomorrow,” said Mr Zimmerman.
